Changes to parking regulations outside of schools
Please note that we have been contacted by the School Travel Team at Ealing Council who have informed us of the following changes to parking outside of schools, which no longer allows a 10 minute grace period to allow for the collection of children. Please see below.

Following the successful trial of the removal the school parking concession in Controlled Parking Zones (CPZ), in the Acton and Southall areas, Ealing Council’s Parking Services will now roll this programme out across the Borough from September 2019. Drivers were previously allowed a 10 minute grace period in resident parking bays, but this will not be available from w/c 2nd September 2019. Vehicles parking in contravention of the restrictions will be issued with warning notices for a period of two weeks. Based on the Mayor’s Transport Strategy and our own strategy, the removal of the concession will enable the Council to meet objectives in modal shift by reducing car journeys, improving air quality by reducing vehicular emissions and improving health and well-being by promoting active travel.

Uniform
Please remind your child that as part of the School Uniform Policy it is a requirement that students arrive to school with their lanyard visible and that this is worn throughout the school day including break and lunchtimes. We advise that students do not bring mobile phones to school. Mobile phones and headphones must be in bags throughout the school day and not visible, if seen these will be confiscated and a sanction issued in line with School Behaviour Policy.

Any student arriving at school with missing or incorrect uniform will be sent to the main office by their tutor or teacher with an ‘out of uniform slip’. Parents will be called and with parental support, the student will be sent home to change into the correct uniform. If parents cannot be contacted, students will be isolated with their Year Leader or a member of the pastoral team.

Parents are asked to check that their child is in full uniform each day before they leave for school. Any shoes that have a sports logo are classified as trainers and do not adhere to the schools behaviour policy.

Mr Myers, Assistant Headteacher

Summer Uniform: tailored black shorts now permitted
Following changes to our school uniform policy, we are pleased to confirm that students may now wear shorts if they choose to do so in the summer. The shorts must be long, (knee length or just above) black and tailored. We have noted that boys’ school shorts in particular tend to not be available in sizes beyond 14 years so please note that black chino style shorts will be acceptable if school style shorts are difficult to source. No tight, Lycra or sports shorts are permitted. The shorts must be a style similar to those found in the pictures above.

### Year 7 and Year 8 – End of Year Assessments

Students have been working with their subject teachers in recent lessons to prepare for their End of Year assessment which commence on the 13th June. We are mindful of the importance that both students and parents give to these assessment points, and so, in an attempt to support students’ well-being during the assessment process an advisory timetable for Year 7 and 8 classes has been shared with classroom teachers that will result in each individual student having their assessments spread across the assessment window rather than concentrated into back to back assessments at the end. Where individual teachers choose to deviate from their suggested time – this will be communicated directly with the students in their class and shared in their planner so that parents are aware.
